

In the year 1960, by the enrollment of the first generation of students, began the history of the work and the existence of the Faculty of Stomatology in Sarajevo.

In 1975, Faculty of Dentistry got the status as an independent member of the University in Sarajevo.

Destruction of the Faculty of Dentistry during the four year aggression against Sarajevo and Bosnia and Herzegovina (1992-1995) was followed by the reconstruction of the Faculty regarding staff, space and equipment.

During the reform and integration processes of the University in Sarajevo, Faculty of Dentistry has confirmed its values as an educational, scientific and research institution.

Fifty years of the Faculty of Dentistry work resulted with:

- 6917 enrolled students;
- 3005 graduated dentists;
- 661 specialists in stomatology;
- 104 master of sciences;
- 62 doctors of science
